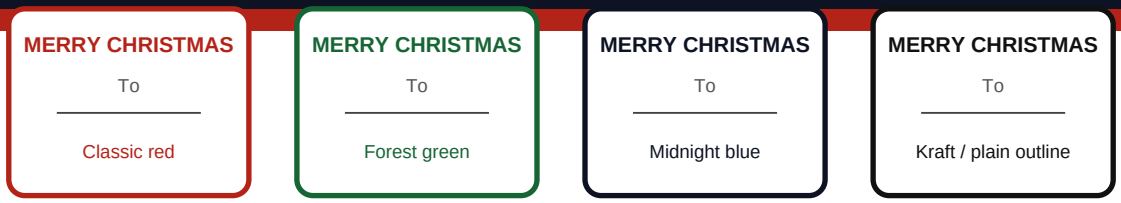
Printable Christmas Gift Tags 2026 (Free)

A4 · 8 tags per sheet · cut, punch, tie



How to use

1. Print on A4 at 100% (actual size). Tick Background graphics if your printer offers it.
2. Thin card or paper around 120–200 gsm works best; ordinary printer paper is fine too.
3. Cut along the dashed lines around each tag.
4. Punch a hole at the marked circle (hole punch or sharp pencil).
5. Thread string, ribbon or twine through, and tie onto the gift.
6. Prefer typed names? Use the free online maker (link below) — type names, print named tags.

What's inside

• 4 blank sheets (8 tags each) — classic red, forest green, midnight blue, kraft/plain outline
• 1 sample sheet with fictional first names (Maya, Leo, Priya, Noah, Ava, Omar, Isla, Ben)
• Hole-punch marks and dashed cut lines on every tag
